PHILOSOPHY

Charter schools are publicly funded and to that extent they are public schools. Charter schools, however, are operated privately and have their own Board of Directors. Each charter school is different in their philosophy and mission.

Whispering Winds Charter School is built on the philosophy that every child can and will learn given the right program and environment. We offer a rigorous, progressive learning environment in a homelike atmosphere. We seek to find and build on every child's strengths.

INSTRUCTIONAL METHODOLOGY

As a public school, we are required to teach the Florida Common Core Standards. We use a variety of instructional methods. We emphasize building upon prior knowledge and whenever possible use "hands on" activities in small groups or individually.

We utilize computer technology to enhance the learning experience and to provide additional curriculum support.

We use an integrated curriculum whenever possible meshing the application of material across various settings and practical usage.

ADMISSIONS/ENROLLMENT

Students will be considered for admission without regard to race, religion, national origin, gender, or physical disability. Whispering Winds Charter School is open to any student in grades K-5 in Levy, Dixie or Gilchrist counties and any student receiving a waiver from the District to attend school in Levy County. Whispering Winds has an open admissions procedure, utilizing a "first come, first served" policy.

Pursuant to Section 1002.33(10)(d)(j), Florida Statutes, students may be withdrawn from Whispering Winds Charter School at any time to enroll in another public school as determined by Whispering Winds Charter School Board Policy. All students will be required to adhere to the School Board of Levy County and State of Florida policy regarding student health examinations and inoculations.

- 1) Children of faculty and staff members may be moved to the top of the list.
- 2) Children who have a sibling already attending may be moved to the top of the list.

The directors shall determine that students are needed in particular classes at the school. Applicants with registration forms on the current waiting list will be called to determine if they wish to enroll in the school.

The directors shall determine enrollment periods for each school year. During the summer, student vacancies will be filled for the Fall term.

All new students entering Whispering Winds Charter School will be put on a probationary status for nine weeks upon entering the school. This will allow time for the administration and staff to determine whether or not they will be able to meet the needs of the child and have the necessary support from parents.

Also, all students, parents, teachers and the Principal will be expected to sign a contract which will insure that everyone is working together for the good of each child.

Parents who have not had a child at Whispering Winds will be expected to attend an orientation meeting before the start of the school year.

EMERGENCY CARDS

All children must have an emergency card on file at all times. It is the responsibility of the parent to inform the school of changes of address, phone numbers, work phone numbers, etc.

Parents are required to volunteer 20 hours per family per year. If a child enrolls after the school year begins, the volunteer hours will be prorated to two hours.

The parent volunteer contract is enforceable under Florida law and failure to uphold or fulfill their responsibilities under that contract would be sufficient grounds for that charter school to deny admission for your child for the following school year.

What counts toward volunteer hours?

- SAC committee duties/meetings, General meetings, Board meeting, PTO meetings, classroom meetings, Board member meetings, working in the classroom, helping with classroom items at home (decodable books, book orders, etc.), helping in the office,

What does **not** count?

Reading to your child at night, helping your child with homework, or attendance or disciplinary meetings.

STUDENT DISCIPLINE

Parents and students shall sign a “compact of support” detailing the student’s, parents’, and school’s responsibilities in the education of the student. This agreement shall be binding on all signatories. This agreement shall be stored as an addendum to these policies. This must be signed and returned to the school.

We emphasize a discipline approach that encourages students to take responsibility for their own actions. There is a school-wide emphasis on academic excellence and sensitivity towards others. We will strive to create a community of learners that care about and respect one another. Therefore, students will be expected to treat teachers, aides, and peers with courtesy, respect, and kindness.

Aggression (verbal or physical) is never appropriate under any circumstance.

Each teacher will establish appropriate procedures for discipline in his/her classroom based on these guidelines. These are guidelines and do not represent every possible situation.

- Students are expected to show respect to all WWCS staff members and students.
 - Destruction of school property is a violation of the Anti-Bullying Florida Statutes. Any school property that is damaged by a student (not including normal wear and tear) will result in the replacement, repair or payment for damages by the student's parents. Placing stickers or writing on school property is not acceptable.
 - No toys, electronic devices, skateboards, weapons, or any other personal item, other than those needed for school work, are permitted at school.
 - No items with offensive pictures, slogans, vulgar images or words, or profanity.
